“WORK (CREATION) IS TO BE
OBTAINED, NOT TO BE OPPOSED
AGAINST ZERO ACTION.”

UNDERSTANDING

TODAY, THE EQUALITY TO GET HEALTH SERVICE IS STILL NOT PREVAILED ENTIRELY. AS A RESULT, THE BIRTH DOES NOT BRING HAPPINESS, BUT MISERY OTHERWISE.

WITNESSING HOW MANY INDONESIAN BABIES TRAGICALLY DIED (30 OF 1 000 BIRTHS), WE OFFER AN OPPORTUNITY TO EVERY PREMATURE AND YELLOW BABY TO SURVIVE BY LENDING THE INCUBATOR (ALSO PHOTOTHERAPY) FREELY.

HOW TO BE LENDED?

TO BIRTH

WE ARE READY
TO HELP YOU

RALDI ARTONO
KOESTOER

FROM INEFFECTIVE INCUBATOR, RALDI INITIATIVELY TRIED TO CREATE THE PROPER ONE BY HIMSELF. SINCE 1995, THERE WERE ALREADY 20 PROTOTYPES OF BABY INCUBATOR. AND FOR NOW, MORE THAN 180 INCUBATORS HAVE BEEN LENDED IN INDONESIA; AND ALL ITS REGIONS AND RURALS AS WELL.

How Can It Turn Out To Be A Low-End Outcome?

THE OBJECTIVE IS TO KEEP THE TEMPERATURE AROUND $33 - 35^{\circ}\text{C}$, PREVENT THE OVERHEAT. SAFETY IS THE MAIN PRIORITY AFTER ALL. BASICALLY, OUR INCUBATOR UTILIZES NATURAL CIRCULATION FROM THE AIR TO WARM THE CABIN ITSELF.

WITH THE COMMON ROOM TEMPERATURE IN INDONESIA (AMBIENT AIR IN $29 - 30^{\circ}\text{C}$), IT IS ENOUGH TO USE TWO 25-WATT LIGHT BULBS AS THE SOURCE. THE RESULT IS THE LOWER ENERGY CONSUMPTION TO RAISE THE TEMPERATURE.

IT DOES MATTER TO REDUCE THE COST OF PRODUCTION. DUE TO OVER DEMANDS, WE HAVE TO PUT A PROPER WAY TO HELP YELLOW BABIES TOO.

THE KEY IS TO ENHANCE THE FOCUS OF THE BLUE LIGHT ON THE BABIES' BODY. THERE, IT WILL APPARENTLY EASE THE BILIRUBINEMIA DISEASE THEY HAVE.

GROWTH OF VOLUNTEER AGENTS

WE UTILIZE OUR NETWORK TO SUSTAIN THE EMPOWERMENT'S PRACTICE. FOR ELIGIBILITY, STRATEGICAL APPROACH TO BOTH MEDICAL AND NON-MEDICAL PEOPLE.

WE HAVE NO INTENTION TO
PATENTING THE PRODUCT. WE
ARE LETTING EVERYONE ELSE
TO EMULATE IT FREELY.

“A PROSPERING WORK EXISTS NOT TO
IMPRESS OTHERS. IT IS ALL ACQUIRED
THROUGH OUR LOCAL WISDOM

GOTONG ROYONG
(LIVING FOR ONE ANOTHER)

ALONG WITH UPCOMING INNOVATION.”

BRILLIANCE IN
PROSPERING WORK

WE HAVE ALL THE POTENTIAL,
KNOWLEDGE, CAPABILITY TO
MAKE IT HAPPEN. SO WHY NOT?

RIGHT THINKING MAKES RIGHT
PRACTICE. AND THERE DOES
COME PERFECTION. DOESN'T IT?

PROACTIVELY, WE ARE ALWAYS INVOLVING
EVERY FOUNDATION, COMMUNITY, AND INSTITU-
TION RELATED TO HEALTH CARE AND HUMANITY;
ALSO MIDWIFES YET OPEN-MINDED HOSPITALS.

BESIDES, THE PRODUCT IS NOT TO BE
TURNED INTO EARNINGS. THE OBJECTIVE IS
THE SPIRIT OF GIVING RATHER THAN TAKING.

“SERVING THE SOCIETY MEANS THAT YOU WILL HAVE
TO BE READY FOR ALL THE UNPLEASANT OBSTACLES. THE
UNDERSTANDING OF THE AIM FOR SERVICE TO SO-
CIETY IS TO BE ASKED TO OURSELVES OVER.”

THE RISK IS VERY HIGH,
PHYSICALLY AND MENTALLY.

BUT IF IT IS NOT ONE OF US, WHO IS GOING
TO TAKE THE VERY GOOD CARE OF THOSE
WHO HAVE BEEN LIVING VERY POORLY.

SAVING ONE LIFE IS
SAVING THE NATION.

IT IS SAID THAT THE PRIME OBJECTIVE
OF LIFE IS TO HELP ONE ANOTHER
WITHOUT TAKING FOR GRANTED, SHARE
HAPPINESS OVER THE PLANET-EARTH.

OUR MOTTO IS "DEVOTION BY WORKING".
AS WE ARE ALWAYS WORKING SO VERY
HARD TO PUT CHARITY IN OUR SO-
CIO-TECHNOPRENEURSHIP ACTIVITY.

FOR US, CHARITY IS THE COURAGE TO LEAD
THE COUNTRY INTO A SAFE AND SOUND ONE.
WITH ALL THE MIGHT WE HAVE.
